Driving Sessions for Learners

*Guidance and encouragement
for learners and their supervisors
in Ku-ring-gai and the City of Ryde*

Disclaimer

This booklet is provided as a community service from the City of Ryde and Ku-ring-gai Councils. Learner drivers and their supervisors must remember that all drives listed in this booklet are located on public roads and as such the Australian Road Rules apply at all times. The organising parties cannot be held in any way accountable for any crashes or infringement notices issued whilst undertaking any of the drives or tasks herein. Driving is a dangerous activity and drivers undertake any drives or routes at their own risk.

Before setting out on any drive, supervising and learner drivers should be familiar with the roads. They should only undertake the proposed drive if satisfied that their health, skills and expertise will permit them to complete the drive and any driving exercises safely, bearing in mind that road, traffic and weather conditions are variable and could affect the difficulty of the drive.
