

This page will not be visible via Council's Online DA Tracking System.

Owner's consent

Must be signed by the owner of the land. If there is more than one (1) owner, every owner must sign. If the owner is a company or owner's association, this form must be signed in accordance with section 127 of the Corporations Act 2001. If the building is a strata building, the application must be stamped with the strata seal and signed by an authorised authority.

As owner of the land to which this application relates, I consent to this application. I also give consent for authorised Council officers and delegates to enter the land to carry out inspections for the purpose of this development application.

I also nominate the applicant as the Single Point of Contact (SPOC) in the DA process. This is to ensure communication and information flow is conveyed in a systematic and scheduled manner to a single person, the SPOC. Information provided through the SPOC is considered final and binding to prevent problems from being addressed multiple times at different points and to different people which ultimately saves a lot of time and frustration over the course of the DA process.

Name Signature

Email Address (Ensure the address is accurate as it will be the primary mode of communication during the assessment process)
